JEFFERSON 50' RIVANNA SE

JEFFERSON YACHTS, INC.
The New Standard of Excellence

Your Private Getaway

When you seek a private getaway, look to Jefferson's 50' Rivanna Special Edition Motoryacht. This stylish, high performance, offshore cruiser features a host of standard amenities, a highly refined interior and exceptional exterior styling.

Known for its proven hull design and sea-keeping ability, the 50' Rivanna SE has also built a reputation for its interior craftsmanship and pleasing layout. From helm to galley, the satin-lacquered cabinetry adds refinement to the open atmosphere of the atrium-like saloon. Accommodations include a spacious aft master stateroom, a forward queen berth stateroom and a saloon entertainment area with flat screen TV and surround theatre.

Just as the navigation station comes complete with electronics, the interior arrives fully furnished and equipped with the highest quality appliances. An array of electronics including radar, GPS, chart plotter, VHF, depth sounder, speed and sum log comes standard with each boat.

Built in China under veteran Jefferson management, the 50-foot Rivanna SE continues the company's tradition of meeting the National Marine Manufacturers Association (NMMA) yacht certification standards. Using Nida Core® construction, teamed with the best in design and powerplant engineering, the 50' Rivanna SE offers maximum speed and stability, quality and value.

"Buying the Jefferson was really a pleasant experience," said Richard Harley of West Palm Beach, Florida. Richard and wife, Charlene, recently purchased a 50' Rivanna SE. Harley appreciates the looks of the handsome aft cabin Rivanna as well as the comfort and privacy two large staterooms provide for cruising with another couple. "We got a million dollar yacht for much less than that amount," Harley observed.

Jefferson Yachts has built its rich 22-year heritage on painstaking attention to detail, efficiency and affordable luxury.
